photographs and text by Kaden Carmichael

2024

All Photos were taken in manual mode I used a few lenses throughout the project, those being an 18-55mm and a 70-200mm.

- approaches to composition- leading lines, rule of thirds and space/negative space
 - learning aspects- patience and adaptability. Being adaptable to the weather helped take my shots effectively.
- There were many ideas for the category's but could not produce due to the weather/ other outside factors.

Ways I edited

-line- went for a hazy bright colors

Shape- bright-used heal tool to get rid of unpleasant stains

Texture- brought out the logs texture and color

Color- brought out the chairs colors and added color to the grass

Value- used B&W

Scale- used a mask to lighten the sky, brought out white and blue, cut a few birds that where flying.
